HDDINGTON APPOINTS MITSUBISHI DEVELOPMENT PTY LTD TO MARKET BALD HILL CONCENTRATE

Haddington Resources Limited is pleased to announce that it has appointed its alliance partner Mitsubishi Development Pty Ltd (MDP) as its exclusive Sales Representative for the marketing of its tantalite production from the Bald Hill Project.

MDP will market the Company's current inventory of tantalite concentrates and will seek buyers for ongoing production from the Bald Hill project.

Haddington has received numerous enquiries for purchase of its production since Sons of Gwalia declined to continue purchasing Bald Hill concentrates at the end of September 2005.

MDP and Haddington will develop an orderly and effective marketing plan for the sale of product to potential purchasers and MDP will actively promote the sale of the product.

The appointment of MDP as its sales representative is consistent with Haddington's strategy of becoming an independent tantalite producer. It will provide Haddington with the opportunity to expand its position and profile in the tantalite market through the expertise and global network of one of the largest trading houses in the world.

**ON BEHALF OF THE BOARD OF DIRECTORS OF
HDDINGTON RESOURCES LIMITED.**

Colin McCavana
Managing Director

Note: The information in the statements relating to the Bald Hill Tantalite Mineral Resources is based on the information compiled by Mr A.J.Pearson. Mr. Pearson is a Member of the Australasian Institute of Mining and Metallurgy. He has sufficient experience, which is relevant to the style of mineralisation and type of deposit under consideration and to the activity undertaken in the preparation of the Mineral Resource Estimate to qualify as a Competent Person as defined in the JORC Code.
